THE population of the United States being augmented at the rate of 1000 a day by the arrivals of immigrants in New York alone. Each of these immigrants the Commissioners, of Immigration estimate, brings \$23. That is to say, by way of New York, the nation will this year receive an addition of 365,000 to its population, and of \$8,395-000 to its wealth. Each item represents an insportant gain, which any other country in the world except ours would feel highly gratified to acquire. But the United States is not going into raptures just now at receiving them, Every person coming who respe ts the laws, however, will be treated fairly, but anarchiets and nihilists will be made to understand that the republic will deal rigorously with political or social malefactors whenever they attempt
